EDUCATION

University of the Basque Country (UPV/EHU)

Donostia-San Sebastián, Spain

BSc in Artificial Intelligence

2022 – 2026

- Four-year research-oriented degree covering Machine Learning, Deep Learning, NLP, Computer Vision, Big Data, Statistics, and Software Engineering
- Completed final-year thesis on **spatial reasoning in multimodal models**: comparing image-only, text-only and multimodal systems to identify where each modality adds value

Sapienza Università di Roma

Rome, Italy

Erasmus Exchange — ACSAI (BSc) & MSc in Artificial Intelligence

2025 – 2026 · First semester

- Took third-year courses from the **ACSAI** (Applied Computer Science and Artificial Intelligence) bachelor's programme alongside graduate-level courses from the **MSc in Artificial Intelligence**
- Coursework included Planning & Reasoning, Visual Analytics, Web & Software Architecture, and Cybersecurity

PROJECTS

Spatial Reasoning in Multimodal Models (Final-Year Thesis) | [View PDF](#)

2025 – 2026

- Research thesis comparing image-only, text-only, and multimodal models on spatial reasoning benchmarks
- Evaluated fusion strategies to identify where combining modalities genuinely outperforms unimodal approaches

TECHNICAL SKILLS

Programming Languages: Python, SQL, Java

Machine Learning / AI: PyTorch, scikit-learn, Transformers, pandas, NumPy, Weights & Biases

Big Data & Data Engineering: Apache Spark, Apache Kafka, Hadoop, MongoDB

Developer Tools: Git, Docker, Linux, Jupyter, VS Code

LANGUAGES

Spanish: Native

Basque: Native

English: B2 — Cambridge First Certificate (FCE)
